

PEACEBUILDER CLUB BROCHURE

This brochure is a brief introduction to and for Peacebuilder Clubs
The brochure has the Mission Statement of the RAGFP
EDUCATE. EMPOWER. ENGAGE.

It highlights why we have Peacebuilder Clubs and how to become a Peacebuilder Club.
You can share this electronically or print it for use when making Club/District event presentations

EDUCATE

Education is a key factor in sustainability and change. Education begins with self and then permeates out to family, community and global. Education provides resources and tools to grow expertise. The focus of the RAGFP is on Positive Peace i.e. Peace is Possible and it has a growing number of programmes which can be delivered or shared with Clubs.

ENGAGE

The RAGFP has continued to grow areas of engagement for its members. This has been achieved through the bi-monthly global meetings, the pairing of clubs together plus the pairing of Clubs with Positive Peace Activators and Peace Fellows, its monthly Newsletter, its Pieces of Peace. And, of course, the growth in Peacebuilder Clubs and Chapters.

EMPOWER

Members are empowered through the activities shown under engagement. They provide opportunities for the sharing of ideas and projects and possibilities for collaboration and sponsorship.

PEACE IS POSSIBLE

Through a global network of Peacebuilder Clubs and Chapters
